This form should be signed by the parent when claiming school age children on regular school days. It should be completed for snow days, in service (professional) days, sick days etc. If the verification form is not received by the due date, you will be deducted for the school aged child's am snacks and or lunches. We do not need this form for school vacations i.e. summer vacation, December break, spring vacation or winter vacation.

This form must be returned with the month's claim to which it pertains. If you use the Internet to submit your claims and write the information on the "claim notes" you still are required to send the Claim Verification for School Age Children.
